PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in data science, machine learning, data analytics, and database-driven applications. Skilled in Python, SQL, C#, PostgreSQL, scikit-learn, Streamlit, Flask, and Tableau. Experienced in building machine learning workflows, database systems, dashboards, and user-oriented software solutions.

TECHNICAL SKILLS

Programming: Python, SQL, C#, Java, C
Databases: PostgreSQL, Database Design, ER Modeling
Software Practices: Git, GitHub, Data Preprocessing, Model Evaluation

Web & Apps: Flask, Streamlit, HTML/CSS
Data Science & ML: Pandas, NumPy, scikit-learn, SHAP, Matplotlib, Seaborn
Visualization & Tools: Tableau, Jupyter Notebook

EXPERIENCE

Intern | Telcorex Communication and Digital Transformation Services | Istanbul, Türkiye | Aug 2025

- Supported data preparation, exploratory data analysis, and machine learning model training using Python.
- Applied Pandas, NumPy, and scikit-learn in practical data preprocessing and model evaluation workflows.

EDUCATION

B.Sc. in Computer Engineering | Alanya Alaaddin Keykubat University | 2022 - 2026

Relevant focus: data science, machine learning, database systems, software development, and data visualization.

SELECTED PROJECTS

Explainova - No-Code Machine Learning Platform | [Python](#), [Streamlit](#), [scikit-learn](#), [SHAP](#)

- Built an end-to-end platform that enables non-technical users to analyze tabular datasets and compare ML models.
- Added preprocessing, automatic classification/regression flow, SHAP explainability, PDP/ICE outputs, and Word report generation.

Mobile App Store Database Design & Visualization | [SQL](#), [ER Model](#), [Tableau](#)

- Designed ER diagram, relational schema, normalization structure, SQL queries, and Tableau dashboards for app store data.

Student Attendance Tracking System | [Python](#), [Flask](#), [PostgreSQL](#), [ZeroMQ](#)

- Developed a web-based attendance system connecting Flask UI, PostgreSQL data layer, and ZeroMQ messaging structure.

Restaurant Management System | [PostgreSQL](#), [Database Design](#)

- Designed relational tables and basic SQL queries for reservation, order, menu, and restaurant operations.

CERTIFICATIONS & LANGUAGES

Certifications: Huawei AI Bootcamp; Git & GitHub - BTK Akademi; Data Science & Data Visualization - Turkcell; Machine Learning - Udemy; UX/UI 101: User Experience and User Interface Design, Pupilica.

Language: English B2.
